

ACADEMICS				
Qualification	Institute	Board / University	% / CGPA	Year
B.Tech(CCE)	Manipal Institute of Technology, Manipal	Manipal University	7.5	2027
XII	Don Bosco School, Park Circus	ISC	94.5%	2023
X	Don Bosco School, Park Circus	ICSE	97.4%	2021
Key Modules	Data Structures, Object Oriented Programming, Database Management Systems, Financial Risk Management, Mathematics for Finance, Probability & Stochastic Processes, Statistics for Finance, Derivatives & Alternative Investments, Capital Markets Technology			
Programming Languages	C++, C, Python, Java. Javascript, SQL/PLSQL, CSS, HTML, SpringBoot, R			
ACHIEVEMENTS				
• Part of the top 12 teams amongst 250 in the regional round of SAP Hackfest				2025
• Chaired Bosco MUN 2023 on the 1991 Soviet Union Crisis, leading debates and guiding delegates through geopolitical negotiations				2023
• Won the Erised National Debate Competition, demonstrating strong critical thinking and articulation				2020
• Awarded for exceptional diplomacy, public speaking, and resolution drafting in Model United Nations				2019
WORK EXPERIENCE				
Goldman Sachs (Summer Analyst Engineering Division)	- Enhanced the Application Risk Profile (ARP) application using Spring Boot and JavaScript, improving workflow efficiency and usability. - Automated a key control mechanism for privacy controls, reducing manual intervention and saving 600+ engineering hours annually. - Developed enhancements to streamline privacy and risk-control workflows within the application. - Worked with Aqua Data Studio for database analysis and validation while collaborating with the Engineering Risk team.			
PROJECTS				
RiskLens - Portfolio Risk Analysis & Stress Testing (2026)	- Built a portfolio dashboard measuring VaR and Expected Shortfall across equities, bonds and FX. - Stress-tested bond exposures across 2Y, 5Y and 10Y yield-curve movements. - Assessed equity hedges, stress-loss drivers and portfolio risk-limit breaches. - Backtested bond risk using 499 Treasury yield observations, analysing VaR breaches and clustering.			
WhatsApp Chat Analyzer (2024)	- Developed a local, privacy-respecting analytics tool using Python Streamlit to parse and visualize exported WhatsApp group chats. - Designed and implemented custom regex-based parsers to extract user activity, timestamps, and shared content from .txt chat exports. - Generated interactive visualizations to reveal top contributors, busiest hours, and chat frequency trends using Matplotlib and Seaborn.			
POSITIONS OF RESPONSIBILITY				
Chairperson, IAESTE LC Manipal (2025)	- Supervised 70 committee members by coordinating timelines and departmental activities. - Managed a yearly budget exceeding ₹65 lakhs, maintaining 100% compliance with IAESTE and university financial policies. - Introduced a digital record-keeping system (e.g., Google Sheets/Notion/Excel dashboards) that improved financial tracking accuracy			
CO-CURRICULAR & EXTRACURRICULAR ACTIVITIES				
Technical/ Social/ Participations	- Completed IBM Data Science and Generative AI Engineering courses, gaining hands-on experience in data analysis, machine learning, and generative AI tools - Contributed to the working committees of Cryptonite and ACM, assisting in event planning, coordination, and execution of technical initiatives. - Organized Bosco Fest with 1000+ attendees, managing scoring systems and supporting sponsor outreach for the Awards, Tabulation, and Sponsorship teams.			2025 2024 2022
Interests / Hobbies	Coding and reading
